

**Amendments to the Specification:**

Kindly delete paragraph 0009 (page 3, lines 7-22) and substitute therefore the following:

--[0009] In drawings which illustrate by way of example only preferred embodiments of the invention:

Figures 1-4 show an embodiment of the apparatus:

Figure 1 is a perspective view of an imaging engine having a cylindrical drum in an imaging position;

Figure 2 is a perspective view of ~~an~~ the imaging engine having a the cylindrical drum in a storage position;

Figure 3 is a perspective view of ~~an~~ the imaging engine having a sleeve and sleeve mandrel in ~~an~~ the imaging position with a the cylindrical drum in a the storage position;

Figure 4 is a perspective view of ~~an~~ the imaging engine showing ~~an alternative~~ a method of loading or unloading a the sleeve without removing the sleeve mandrel;

Figure 5 is a perspective view of an imaging engine of an embodiment of the invention with the drum removed to show the drum transport mechanisms; and;

Figure 6 is a flowchart depicting one embodiment of a method of the invention.--
